

LUMOS TWINKLE 80

10001876 / 10001877

INSTRUCTIONS

IMPORTANT

Carefully read all instructions before use and save for future reference.

INCLUDES

- 1 x Lumos Twinkle 80 Headlamp
- 1 x Adjustable headband
- 1 x USB charging cable

CHARGING

Lumos Twinkle 80 contains a 3.7V lithium-ion battery and comes with a USB charging cable.

Step 1. Open the dust cover at the base of the light.

Step 2. Plug the charging cable into the USB-C outlet.

Step 3. Plug the USB cord into any USB outlet on a computer, wall adapter (not included), etc.

NOTE: Charging while using a USB wall adapter will be faster than a computer USB port.

Step 4. While charging, the battery indicator light will be red.

Step 5. Once fully charged the light will change to green. Remove the USB cord and store.

NOTE: Always use the supplied cable for charging. Ensure that the light is fully charged every three months to protect the life of the battery.

OPERATION

Step 1. Turn on: Press power button.

Step 2. Cycle through modes: Press power button once to move through red, red flashing, high, medium, low.

Step 3. Turn off: Press power button once more to turn off.

WARNING

1. Ensure that the unit is charged every three months to protect the life of the battery.
2. Store the unit away from water, heat sources and metal objects.
3. Store the unit in a cool, dry place to prolong the battery life.
4. Do not impact, puncture, or drop the light.
5. Do not look directly into the light.
